ZARIERA

What We Need From You

Your online store is built and ready. To take it live, please share the details below — the more you send, the faster we launch.

1 Products

- [ ] **Prices (PKR)** for every product
  Final selling price + optional discounted (compare-at) price
- [ ] **Product photos** — 2–3 per item
  Front, side/angle, and worn-on-hand if possible. Phone photos are fine.
- [ ] **New products for Necklaces & Earrings**
  These categories currently show "Coming soon" — send items + photos to fill them.
- [ ] Any changes to product names or descriptions

2 Business & Contact Info

- [ ] **WhatsApp / phone number**
- [ ] **Business email**
  e.g. orders@zariera.pk
- [ ] **Address / city** & business hours
- [ ] **Social links** — Instagram, Facebook, TikTok
- [ ] **Logo file**
  Optional — the current lotus emblem can be kept if you have no logo.

3 Shipping — Courier

- [ ] **Which courier:** Leopards and/or TCS
- [ ] **Courier account API details**
  Leopards: API key + password · TCS: username, password, client ID, client secret, cost center
- [ ] **Origin city** (where parcels ship from)
- [ ] Shipping charges policy
  Currently: free over Rs 50,000 — confirm or change.

4 Payments

- [ ] **Cash on Delivery — already set up ✓**
- [ ] **Online card / wallet payments?**
  If yes: PayFast and/or Safepay merchant account + API keys.
- [ ] Bank transfer details
  Optional — only if you want to accept bank deposits.

5 Domain & Hosting

- [ ] **Preferred domain name**
  e.g. zariera.pk or zariera.com
- [ ] **Chosen hosting plan**
  From the plans proposal (Starter / Standard / Premium).

6 Order Emails

- [ ] **Sender email** for order confirmations
  e.g. orders@zariera.pk — with its app/SMTP password, or we set up a free email service.

7 Admin Login

- [ ] **Admin email & password** of your choice
  To sign in to the management dashboard (add products, manage orders).

8 Policies (recommended)

- [ ] **Return / Refund policy** text
- [ ] **Privacy Policy / Terms**
  We can provide a standard template if you prefer.

✓ **Good to know:** Cash on Delivery works today, so we can launch with just the essentials — **prices, photos, contact info and a domain**. Everything else (online payments, courier auto-booking) can be switched on any time after go-live.
